## Experience Public Art on the Halifax Waterfront

**3x3x3 – One night video installation - Double Fountain**  
**Saturday, October 1 7-10 PM**

Double Fountain is a projected exhibit based after a water clock design by the Arab engineer al-Jazari (1136-1206).

Artists Julie Louise Bacon (Quebec) and James Geurts (Australia/Netherlands) will showcase the exhibit on screen for people to experience -- a 2.5 min projection loop with a light ambient audio component. It is situated directly on the Halifax Waterfront, where many classic historic monuments, public artworks, architectural development, and tourist attractions are situated.

This is the first in a series of city wide projections hosted by Eyelevel Gallery ([www.eyelevelgallery.ca](http://www.eyelevelgallery.ca)) and the Centre for Art Tapes around Halifax Regional Municipality. It is entitled 3x3x3 -- bringing together 3 curators, 3 artists and 3 public sites.

The waterfront installation is proudly hosted by Waterfront Development.

**Free, everyone welcome.**
